Subject: RE: Aerojet CAG July 19 Meeting Agenda

Oh, right—I forgot we didn't have that last CAG. OK, I'll talk about our evaluation of the VI work.

Can you give me an estimated date when the VI report will be sent out to us regulators so I can let the CAG know?

Subject: RE: Aerojet CAG July 19 Meeting Agenda

Recall, the last CAG meeting was in March, so the May 2017 EPA evaluation or Aerojet's vapor intrusion sampling data would be new news to the CAG.

Hi, Chris.

Yes, I can discuss #7 regarding Area 40; Pete, if you are attending the CAG meeting we can both cover this one.

Regarding #4, Aerojet hasn't yet sent out the winter vapor intrusion investigation report yet, so I don't have any updates beyond the 22 May 2017 EPA evaluation of Aerojet's sampling data. I can try to answer questions if the CAG members have any.

Daewon and I aren't comfortable running a discussion on the Glenborough Phase I plans and development. We don't have the full VI investigation report either—only the parts you sent on 7/11. We can describe the sampling work we requested in the area though.

Jackie Lane won't be able to attend the CAG meeting on Weds due to a family matter, but Daewon and I will be there on behalf of EPA.

Thank you,
Lynn

Hi Lynn – Unfortunately, I will not be able to participate in this Wednesday's CAG meeting. Mark Varljen will participate for Aerojet Rocketdyne and will provide information regarding item 2. Are you comfortable addressing items 4, 6, and 7? If not, I would be happy to provide updates during the September CAG meeting. Chris
